## CONFERENCE OF SEVENTH-DAY ADVENTISTS

The Utah conference of Seventh-day Adventists will convene in Ogden tomorrow and continue in session four days in the tent at the corner of Twenty-fourth street and Jackson avenue, where evangelists have been holding meetings for the past four weeks.

E. E. Andross, president of The Pacific Union conference, E. W. Farnsworth, president of The California conference, and W. M. Adams, president of the Utah conference, will be the principal speakers. Other prominent men of the denomination are expected from California.

The churches of this state will be represented by delegates sent for that purpose. Officers for the ensuing year will be chosen and other business transacted which may properly come before the conference.

Pastor Farnsworth will open the session at 8 o'clock tomorrow evening. There will be workers meeting at 6:30 a. m., business session from 9 to 11, preaching at 11; business again at 3 p. m., and a lecture at 8 o'clock each day.

## SEGO LILY CIRCLE

No. 174, Women of Woodcraft, will hereafter meet in the Fraternity Building, in the new I. O. O. F. hall, second and fourth Thursdays in each month. First meeting September 11.

## PHYSICIAN TO MEET IN ZION

## REUNION HELD IN PRESTON, IDAHO

Mrs. J. M. Thomas of Plain City has just returned from a trip to Preston, Idaho, where she went to attend the reunion of the Geddes' family on September 2.

Members from Utah, Idaho and Oregon were present to honor the memory of the father and founder of the family in America, William Geddes, who spent the greater part of his life at Plain City, Weber county.

One of the sons, Hugh S., is now presiding over the New Zealand conference and it was at his request that the reunion was held at this season of the year. The Maoris from New Zealand, who are touring Utah and Idaho, are his personal friends and were the guests of honor at the reunion.

A program of banquet and general funmaking filled in the day so pleasantly that the Maoris declare that they can return home with nothing but praise for the hospitality tendered them by the Geddes' family.

## Had Serious Lung Trouble—Now Well

It is surprising that there exists much skepticism as to the possibility of a person recovering from severe Lung Trouble when there are so many reports of complete recoveries brought about through the use of Eckman's Alternative. This is a remedy for the throat and lungs, which should be investigated by every sufferer. Read of this case:

1619 Susquehanna Ave., Phila., Pa.  
"My Dear Sir: For two years I was afflicted with hemorrhages of the lungs, and in February of 1902 I was taken with a severe attack of pneumonia. When I recovered sufficiently to walk about the house I was left with a frightful hacking cough, which no medicine I had taken could alleviate. It was at this time, March, 1902, that I started taking Eckman's Alternative. In a short time my cough was gone and I was pronounced well. Since that time I have had two slight attacks of pneumonia, and I have resorted to no other medicine to effect a recovery. I cannot speak too highly for the good it has done."  
(Signed) HOWARD L. KLOTZ.  
(Above abbreviated; more on request.)

Eckman's Alternative has been proven by many years' test to be most efficacious in cases of severe throat and lung affections, Bronchitis, Bronchial Asthma, Stomach Colds and in upbuilding the system. Does not contain narcotics, poisons or habit-forming drugs. For sale by A. R. McIntyre, Badon's Pharmacy, T. H. Carr, Culley Drug Co., Marshall Drug Co., Cave Drug Store, and other leading druggists. Write the Eckman Laboratory, Philadelphia, Pa., for booklet telling of recoveries and additional evidence. (Adv.)

## ANOTHER OGDEN BOY HAS BEEN HONORED

Advices from the offices of the first presidency of the Mormon church, at Salt Lake City, are to the effect that because of ill health, President Ben E. Rich has been released from the presidency of the eastern states mission, which comprises eastern Canada, the Atlantic states down to West Virginia, and Pennsylvania with a corps of about 150 elders, and that Lawrence W. Richards, the 20-year-old son of Charles C. Richards, of this city, has been installed as temporary president of the mission until such time as a permanent successor to President Rich shall be selected.

Lawrence has been in the mission field twenty-three months and has risen from traveling missionary to conference president, secretary of the mission, and now is placed in charge of all its affairs. He had been notified by President Rich that he would be released to return home next month, but the release of the president himself and the uncertainty of the date of the appointment of the successor may postpone the date of his release some time.

The Standard is pleased to learn of the advancement of Ogden's boys and congratulates young Mr. Richards on his success.

## WORLD'S MARKETS

**WALL STREET.**  
New York, Sept. 9.—Reports of rains in the southwest failed to strengthen the stock market, owing to the general expectation of a decidedly unfavorable showing in the government report on corn, late in the day. Grain prices were lower, but cotton continued to rise buoyantly, and in the stock market the course continued downward through the morning. Losses reached a point in Union Pacific, Canadian Pacific and Amalgamated Copper. Weakness of copper metal in London influenced the depression in the copper group here, in which there was realizing following the recent rise and the good showing of the monthly report yesterday. Announcement of new financing by New York Central was responsible for the dip in that stock. Loss by the banks thus far in the week of \$2,000,000, and the all-around firmness of money operated in favor of short selling.

Bonds were steady. Most of the leading stocks declined at the opening today and New York

## The McKannon Piano Company

ENTRANCE BETWEEN BROWNING BROS. AND THE EXAMINER OFFICE.  
2441 HUDSON AVE. OPEN EVENINGS

Central and California Petroleum, with losses of a point each, were heaviest. Trading was light and the downward drift was slow, with recessions limited to small fractions in a majority of cases.

Selling of the important issues ceased soon after the opening, but the market continued depressed. Petroleum stocks moved violently. California turned its loss of a point in a rise of two points. Mexican jumped 4 1/2 points on top of yesterday's rise of 5 points, on rumors of a deal, and New York Central made up its initial loss.

Prices barely moved at all between 12 and 1 o'clock, even the wide fluctuations in the petroleum stocks being suspended, while the traders discussed the probable condition of corn in the government crop report. Speculators who sold the grangers and Pacific short became less confident of their position as the time approached for the appearance of the crop report, and went into the market for stocks. This buying pulled up the list again to a parity with yesterday's close. Peoples Gas, which had been neglected since its recent large advance, became active again and gained two points.

The market closed strong. Prices reached their highest level and the principal shares sold above yesterday's close, after the crop figures were published. These were about as expected for corn, but above estimate for wheat. Union Pacific made the best response to the higher conditions of wheat, touching 151. Steel was also heavily bought and the copper and coals picked up in good fashion.

**Sugar.**  
New York, Sept. 9.—Sugar—Raw—Steady. Muscovado, \$3.26; centrifugal, \$3.76; molasses, \$3.01; refined, steady.

**Chicago Grain.**  
Chicago, Sept. 9.—Bearish predictions regarding the government crop report tended today to make the wheat market easy. Raising commission orders, however, absorbed all the offerings. Firm cables acted also as a steadying influence. The opening was unchanged to half cent lower and there seemed but little disposition to get outside that range.

Quite general rains weakened corn. The bullish outlook as to the Washington estimate served to cause a rally. First sales varied from 1-8@1-4c lower to 1-4@3-8c advance. Near-by options declined further and then recovered to last night's level.

Although trading in oats was light, prices held relatively firm. Buying by a leading house furnished support. Provisions developed strength with hogs. The ensuing advance was general, but increasing offers kept the upturn moderate.

Wheat: Afterward an additional setback took place because of the resumption of threshing northwest and in consequence of better prospects for fall plowing. The close was easy at 1-4 to 7-8c net decline.

Corn: Renewed weakness came about owing to signs of enlarged receipts here but shorts covering led to another upturn. The close was unsettled, varying from 1-2c lower to 1-8@1-4c advance.

Wheat: No. 2 red, 93 1-2@94 1-2c; No. 3 red, 92@93c; No. 2 hard, 89 1-2@90c; No. 3 hard, 88@89 1-2c; No. 2 northern, 91 1-2@93c; No. 3 northern, 89@91c; No. 2 spring, 90@91c; No. 3
